OCTOBER 2016

Contents

Invited Paper

Molecular Recognition and Application in Industrial Field Based on Macrocyclic Host Thiacalixarene System	Fumio HAMADA	1
---	--------------	---

Original Papers

The Observation of Frost Growth on the Micro-Texturing in SEM and Surface Design	Takayuki TOKOROYAMA	15
Measurements and Theoretical Considerations of Thermal Environments in a Closed Underground Mine	Kanemitsu KAWABE, Keigo CHIDA	23
Hydrogen and Oxygen Isotopic Ratios of Precipitation at Noboribetsu, Hokkaido	Hiroshi KAWARAYA, Tsutomu ABIKO, Osamu MATSUBAYA	31

Short Note

A Study on Tuning PI Parameters Based on Communication Delay Time for Small DC Motor Control System through IP Network	Kenshi MATSUO, Ryo SATO, Motohiro KAMIOKA, Takeshi MIURA and Katsubumi TAJIMA	37
--	---	----

List of Original Papers (2015)	41
List of Theses of Doctor's Degree (2015)	73
